Roger Millar, OTAK	Bonnie Richardson
Grace Kelly	Arlene Palisoc

1. INTRODUCTION

Roger Millar and Scot Siegel quickly summarized the previous CAC meetings and identified major issues which they believe conflicting direction has been given by the committee members involved in reviewing the draft ordinance. The goal of the meeting was to resolve the conflicting issues.

2. KEY ISSUES/DECISIONS

Design Review Board: Continue DRB as a public hearing with public notice. The public may speak if they want to, not at discretion of chairperson.

Section 4-201, Table 4-201: Revise to make table easier to read by deleting "Type I, II, III, IV".

Parking by Demand: Use permit is NOT required.

Keep Type II procedures but modify language in ordinance. Keep 14 days notice at this time.

Planning & Zoning Commission: Proceed with allowing P&Z to approve some cases (PZ decision goes on to Council for final approval); suggest no lobbying by customers/outside influence.

Continue to have one decision body review multiple application for the same project.

Meeting adjourned 11:00 am
